The purpose of LTI 2023, and the reasons for the deviation from the shareholders' preferential rights, is to maintain and increase the motivation of strategically important senior executives and other employees in Soltech. The board's proposal for the introduction of LTI 2023 in accordance with item 19 (a) – 19 (b) below constitutes an overall proposal

and shall be made as one decision. LTI 2023 is proposed to comprise a maximum of 25 employees within Soltech.

Item 19 (a) - Proposal for resolution to adopt LTI 2023 and transfer of warrants to participants in the program

- Adoption of LTI 2023 entails a transfer of warrants to employees. The warrants have a vesting period of at least 3 (3) years, whereafter the participant has the right to exercise the warrants for subscription of shares in The Company during a two-month (2) period.
- Therefore, the Board proposes that the Annual General Meeting decides upon transferring a maximum of total 3 250 000 warrants of series 2023/2026 and series 2023/2027. The right to subscribe for warrants shall only accrue to a subsidiary wholly owned by the company, which can transfer the warrants to Soltech employees. Each warrant entitles the holder to subscribe for one (1) new share in The Company. The warrants shall be issued free of charge to the subsidiary.
- The Company will transfer warrants to participants at market value (i.e., the warrant premium). The warrants may be transferred to participants, current or new employees, on one or more occasions as from 30 May 2023 up to and including 30 July 2023, or from 1st November 2023 up to and including 1st January 2024.

- With deviation from the shareholders' preferential rights, the issued warrants shall be subscribed for by a wholly owned subsidiary of the company, after which this company shall offer the warrants to the participants. The warrants shall be transferred at a price corresponding to the market value of the warrants at the time of the transfer, which shall be calculated according to Black & Scholes' valuation model. The valuation of the warrants shall be performed by an independent valuation institute or accounting firm. In connection with the transfer of warrants to the participants, the company shall reserve the right to repurchase warrants if the participant's employment or assignment in the company ends or if the participant wishes to transfer the warrants further.
- Transfer of warrants, in accordance with the above proposal, is only to be made to the extent that the total number of warrants does not exceed 3 250 000 warrants.
- Prerequisites for being entitled to acquire warrants are (i) that the participant at the time of the acquisition has neither given notice or received notice of termination of his/her employment (ii) that acquisition of warrants can take place in accordance with applicable laws and, according to the Board of Directors' assessment, can be executed with reasonable administrative costs and financial efforts, and (iii) that the participant and/or, in applicable cases, the participant's company has entered into a pre-emption agreement with the Company, according to which the Company, or the

one the Company assigns, inter alia has the right to repurchase the warrants from the participant if the participant's employment ceases and in some other situations The Board of Directors has the right to make the reasonable changes and adjustments to the terms and conditions of the agreement that are deemed suitable or appropriate because of local employment law or tax law or administrative conditions.

- According to the full terms and conditions for the warrants the subscription price and the number of shares which each warrant confers right to subscribe for may be recalculated in the event of a bonus issue, reverse share split or share split, new issue, issue of warrants or convertibles and under some other circumstances. Further, the period for exercising the warrants may change to an earlier or later period/date under some circumstances.
- Some deviations in or adjustments of the terms of LTI 2023 may be made due to local rules and existing market practices or market conditions, including cash settlement instead of transferring warrants to the participants under certain conditions.
- The Board, or anyone appointed by the Board, shall be authorized to make such minor formal adjustments in the issue resolution that may be required for registration with the Swedish Companies Registration Office (Sw. Bolagsverket) or Euroclear Sweden AB.

Allocation
